Documents in this patent application scanned prior to the scan date of this document may not have a box number present in the database. The documents are in the same box as this paper. If the patent application documents that do not have a box number are stored in more than one box, a copy of this form is placed in each box. Check the database box number for each copy of this form to identify all of the evidence copy box numbers for documents that do not have a box number.

☒

The documents stored in this box are original application papers scanned and endorsed by PACR and imported into IFW.

☐

Indexer, place and X in only one box above to indicate the documents placed in this box that were previously scanned in PACR or IFW and will not be scanned again.
